

The IFRS Sustainability Alliance is a global membership programme that offers curated insights, peer-to-peer networking and educational programming on the reporting best practices, sustainability standards development, integration of sustainability factors into investment processes, global policy and ongoing academic research. Diverse in size and scope, members of the Alliance share a belief in the power of building a global baseline of sustainability disclosures to meet capital market needs.

Alliance membership offers curated insights, peer-to-peer networking and educational programming on reporting best practices, sustainability standards development, integration of sustainability factors into investment processes, global policy and ongoing academic research. Members receive tools to advance their understanding of the IFRS Sustainability Disclosure Standards, including IFRS S1 and S2, the SASB Standards, Integrated Reporting Framework and Integrated Thinking Principles.

IFRS Sustainability Alliance: Current Member Benefits

LEARN	Learning opportunities and key trends on the global reporting & sustainability-related landscape	Quarterly Policy Briefings	Monthly Newsletters	1:1 Trainings	Technical & Academic Webinars	Member-Only Discounts
CONNECT	Opportunities to collaborate and network with fellow members	Special Interest Groups		Regional In-person Meetups

The IFRS Sustainability Alliance delivers member benefits through virtual and in-person events, member networking, educational resources and personalized touchpoints with the IFRS Foundation Membership Team. Alliance benefits are available to all staff at a member organization.

LEARN

Learning opportunities and curated insights on the global reporting landscape

QUARTERLY POLICY BRIEFINGS

The global reporting landscape is transforming rapidly. Every quarter, a member of the IFRS Foundation Policy Team offers a briefing on relevant **policy and regulatory developments**.

MONTHLY NEWSLETTERS AND MEMBER PORTAL

The IFRS Sustainability Alliance offers members a suite of educational resources in addition to live programming. The **member email distribution** features a monthly newsletter as well as ad hoc field updates, event information and member news. The **member portal** is a member-only webpage that houses communications tools and past event recordings.

TECHNICAL AND ACADEMIC GUEST PRESENTATIONS

Whether a member of the IFRS Foundation Research Team or external academic researchers, the IFRS Sustainability Alliance facilitates **programming with subject matter experts**.

MEMBER-ONLY DISCOUNTS

Members are entitled to **exclusive discounts** on the Fundamentals of Sustainability Accounting (FSA) Credential as well as the annual IFRS Sustainability Symposium.

CONNECT

Opportunities to collaborate and network with fellow members

SPECIAL INTEREST GROUPS, IN-PERSON GATHERINGS AND LINKEDIN COMMUNITY

Through **special interest groups** and **regional in-person meetups**, IFRS Sustainability Alliance members can connect with peers who share their belief in the power of a coherent and comprehensive system for corporate disclosure. Special interest group topics include Integrated Thinking & Strategy, Corporate Reporting Best Practices, and Sustainable Investing. Members also stay connected online through a dedicated IFRS Sustainability Alliance **LinkedIn group**.

IMPROVE

Interactive workshops to uncover reporting best practices

EXPLORING INVESTOR USE OF SUSTAINABILITY DATA

Sustainability data is now widely available across the capital markets. The Uses of ESG Workshop Series presents case studies highlighting the nuances of utilizing this information in investment processes and decision-making.

INSIGHTS INTO CORPORATE REPORTING

The IFRS Sustainability Alliance uncovers best-in-class sustainability and integrated reporting efforts through a variety of member programming. In the past, members have received direct feedback and analysis on reporting efforts via the Corporate Investor Dialogue and Report Critique Project. We are currently brainstorming how to improve our programming around corporate reporting convenings but in the meantime the **Corporate Reporting Best Practices Special Interest Group** will enable organizations to share best practices and discuss solutions to reporting challenges among peer members.

PROMOTE

Resources to broadcast public support for a global baseline of sustainability disclosure, integrated reporting and integrated thinking

IFRS SUSTAINABILITY ALLIANCE MEMBER VISIBILITY

Members can demonstrate their involvement in this global network through use of the **IFRS Sustainability Alliance member logo** in addition to a listing on the public IFRS Sustainability Alliance webpage.

IFRS Sustainability Alliance Members

IFRS Sustainability Alliance membership is open to any organization that believes in effective sustainability disclosure, integrated reporting and integrated thinking. Members include investors, corporations, universities, nonprofits and a variety of professional service organizations such as consultants, accounting firms, data providers and proxy advisory services. For a complete member list, please visit the [IFRS Sustainability Alliance website](#).
