Comprehensive review of the *IFRS for SMEs*: Request for Information

The International Accounting Standards Board (IASB) has issued a Request for Information as the first step in its initial comprehensive review of the *IFRS for SMEs*. The objective of the Request for Information is to seek public views on whether there is a need to make any amendments to the *IFRS for SMEs* and, if so, what amendments should be made. The deadline for responses is 30 November 2012.

When it issued the *IFRS for SMEs* in July 2009, the IASB said it would assess the first two years' experience entities have had in implementing it. The IASB also said that, after the initial review, it expected to consider amendments to the *IFRS for SMEs* approximately once every three years.

The IASB's SME Implementation Group (SMEIG) worked closely with IASB staff to develop the Request for Information. The SMEIG approved and submitted its final draft to the IASB for review with a recommendation for issuing the Request for Information. The document does not contain any preliminary

views of the IASB or the SMEIG. The Request for Information may be downloaded without charge from the IASB's website [here](#) [PDF, 155 KB]. A Spanish translation of the Request for Information is currently in process.

The IASB has published a separate Microsoft Word® Optional Response Document for respondents to use for submitting their comments if they wish to do so. This document may be downloaded from the IASB website [here](#) [Word, 96 KB].

SMEIG chairman Paul Pacter said:

Millions of small companies in around 80 jurisdictions are already using the *IFRS for SMEs*. It is becoming a passport to raise capital on a local or cross-border basis. This comprehensive review will enable the Board to fine-tune the Standard.
