IASB proposes limited amendments to the *IFRS for SMEs*

On 3 October 2013, the International Accounting Standards Board (IASB) published for public comment an Exposure Draft of proposed amendments to the *IFRS for SMEs*, which it developed based on its initial comprehensive review of the *IFRS for SMEs*.

When it issued the *IFRS for SMEs* in July 2009, the IASB stated its plans to undertake an initial comprehensive review of the *IFRS for SMEs* to enable it to assess the first two years' experience that entities would have had in implementing it and to consider whether there is a need for any amendments. In many jurisdictions, companies started using the *IFRS for SMEs* in 2010. Consequently, the IASB commenced its initial comprehensive review in 2012.

In order to assist in the process of identifying which items to consider for amendment, the IASB issued a Request for Information in June 2012 to seek public views and consulted with the SME Implementation Group, an advisory body to the IASB. After considering the feedback it received, and taking into account

the fact that the *IFRS for SMEs* is still a new Standard, the IASB only proposes to make limited amendments to the *IFRS for SMEs*.

Most of the proposed amendments clarify existing requirements or add supporting guidance, rather than propose changes to the underlying requirements in the *IFRS for SMEs*. Consequently, for most SMEs, the proposals are expected to improve understanding of the existing requirements, without having a significant effect on the entity's financial reporting practices and financial statements.

The proposals are [open for comment](#) until 3 March 2014.

An overview of the proposals is available in [Snapshot: Comprehensive review of the IFRS for SMEs](#).

More information on the initial comprehensive review is available on the [SME webpages](#) of the IASB website (www.ifrs.org).

Full marked-up draft of the IFRS for SMEs

In the Exposure Draft of proposed amendments to the *IFRS for SMEs*, the IASB has only included the paragraphs/subparagraphs of the *IFRS for SMEs* that would be affected by the proposed amendments. To further assist respondents with their review of the proposed amendments in the ED, the IASB staff have provided a [full marked-up draft of the IFRS for SMEs](#) (which includes all the paragraphs of the *IFRS for SMEs*) and also a list that sets out all of the proposed [editorial amendments not included in the ED](#).

Spanish-language translation of training module Module 26 *Share-based Payment*

A Spanish-language translation of Module 26 *Share-based Payment* is now available. Module 26 covers Section 26 *Share-based Payment* of the *IFRS for SMEs*, which specifies the accounting for share-based payment transactions. Share-based payment transactions can be equity-settled or cash-settled, or they can provide a choice of whether the entity settles the transaction in cash (or other assets) or by issuing equity instruments.

In total, 34 modules have now been translated into Spanish and are available for download from the IFRS Foundation website. All modules can be accessed [here](#).
